

**WEBINAR**

## Cyber Security — Back to Basics

Tuesday, December 20, 2022  
2 p.m.

In today's world it can be easy to get overwhelmed with trying to keep your business and your customers safe. New security vendors are popping up every day, new regulations are being developed, business partners are adding increased security requirements to their contracts, and things won't be slowing down anytime soon. Sometimes the best place to start is with the basics. What security controls do you really need? How can you best protect your company and customer data? Are you prepared to respond if you experience an incident? Join us for the answers to these questions and more to help secure your business from today's greatest cyber threats.
