June's Meeting

For June's meeting the Chapter presented a 2 hour technical CE Class titled 6TH Edition (2017) Florida Energy Conservation Code, ECLB Course #0802028. Everyone in attendance left with a better understanding of the electrical requirements contained in the Florida Energy Conservation Code. Twenty-five ECF members and guest that were present enjoyed the Tacos served by the American Legion.

July's Meeting

July's speaker will be Mr. Phil Wilberg SESCO Lighting's Outside Sales Rep / Lighting Controls Division Tampa. Mr. Wilberg will be speaking on the topic Lighting Controls based on the Florida Energy Code. This class is not approved for ECLB CE credit. Phil is new to the Tampa/St Petersburg area but not to Lighting Controls. Phil has worked at Electronic Theatre controls in Applications and Project Management, as well as Texas Scenic Company Sales and Design, and Altman Lighting. He's worked on countless dimming and lighting control projects.
