Lakeland, FL, 33803

Time: 6:00 p.m. Dinner
6:30 p.m. Meeting – 6:45 p.m. Program Starts

Cost: Attendees Pay Individually for Meal
\$5.00 per Member for Ridge Chapter Funding

Speaker: Ken Lambert, Coresential

Program Details: **How to Select the Proper Metal Box Enclosure**
(Approved CE Class 1 Hour - Technical)
ECLB Provider #0000899 ECLB Course #0801025

CE Course Description: In this one hour program Electrical Contractors, Engineers and Inspectors will learn the current product options in the market place and how to effectively choose the proper enclosure for each application. They will also learn of current performance standards that need to be maintained for most common ratings (NEMA / UL / IP). We will discuss product options available to maintain Performance Standards desired (Mild Steel / Stainless Steel / Fiberglass / Poly Carb / Etc/)

Register: **Reservations Requested.** Please respond to this email or call Casey at 813-885-9605, ext 5 to confirm whether you will be attending the meeting. If you are a contractor, please provide your license number(s). Please reply by **Friday, September 7, 2018.**
