

WEBINAR

KnowBe4 You're Phished and Held Hostage!

Tuesday, February 16, 2021 at 1:00 p.m. (CST)

Phishing scams and schemes are becoming more creative every day as businesses and individuals find themselves targets of new tactics. In 2019, the FBI recorded more than \$3.5 billion in losses to individual and business victims (www.fbi.gov). What can you do to protect against scams and phishing attacks?

Ransomware incidents, which rose dramatically in 2020, are showing no signs of slowing down. Business ramifications include increasing downtime and causing revenue loss, due to damage to brand and reputation. Learn about the emerging trends in ransomware and, more importantly, how to prepare BEFORE an attack occurs.
