March Meeting

For the March meeting there was a one hour IAEI Technical CE class, “NEC Calculations, Calculating Available Fault Current” ECLB Provider #0001154, Course # 0801620. The Roast Pork, Yellow Rice and Black Beans prepared and served by Dawn and Betty was a big hit.

April's Meeting

Dave Chamberlain with Fox-Rowden-McBrayer, Inc will be our guest speaker for evening. Dave will be presenting a one hour CE class titled “Overview of OSHA Standards for Control of Hazardous Energy” ECLB Course #0007188 Provider #0000899. This one hour course has been designed to provide a broad overview regarding the OSHA Standards for the control of hazardous energy sources, Lockout/Tagout.

Mark Costis owner of GenerX Generators will be sponsoring the meal for the evening and speaking on some of the new and improved technologies that Generac has available for the Electrical Contractors.
